

BELTS	SPECIFICATIONS	SIZES	APPLICATIONS
 <p>Coarse Steel</p>	<p>WIRE 0.7mm carbon spring steel TIPS angled, hardened and sharpened FINISH coarse, sandblast-like texture</p>	<p>43mm 23mm 11mm</p>	<ul style="list-style-type: none"> Remove sealers, coatings Profile steel surfaces Roughen fiberglass, plastic & rubber
 <p>Medium Steel</p>	<p>WIRE 0.5mm carbon spring steel TIPS angled, hardened and sharpened FINISH fine, sandblast-like texture</p>	<p>43mm 23mm 11mm</p>	<ul style="list-style-type: none"> Remove heavy rust, paint Remove epoxy, marine growth Profile aluminum surfaces
 <p>Fine Steel</p>	<p>WIRE 0.5mm carbon spring steel TIPS straight and hardened FINISH smooth or lightly textured</p>	<p>43mm 23mm 11mm</p>	<ul style="list-style-type: none"> Remove light rust, paint Remove gasket material Clean contours, nooks & crannies
 <p>Medium Stainless</p>	<p>WIRE 0.5mm surgical stainless steel TIPS angled and hardened FINISH fine sandblast-like texture</p>	<p>23mm 11mm</p>	<ul style="list-style-type: none"> Removes paint, corrosion Cleans weld seams, burn & slag Effective for non-ferrous metals
 <p>Fine Stainless</p>	<p>WIRE 0.5mm surgical stainless steel TIPS straight FINISH smooth or lightly textured</p>	<p>23mm 11mm</p>	<ul style="list-style-type: none"> Removes paint and oxidation Removes liquid gaskets Cleans weld seams, safe on rivets
 <p>Coarse Copper</p>	<p>WIRE 0.7mm copper beryllium TIPS angled FINISH sandblast-like texture</p>	<p>23mm</p>	<ul style="list-style-type: none"> Spark free operation Removes rust, coatings Cleans weld seams, burn & slag
 <p>Medium Copper</p>	<p>WIRE 0.5 mm copper beryllium TIPS angled or straight FINISH smooth or lightly textured</p>	<p>23mm</p>	<ul style="list-style-type: none"> Spark free operation Removes light rust, paint Cleans weld seams
 <p>Concrete Belt</p>	<p>WIRE 0.8mm spring steel TIPS straight FINISH clean, debris free</p>	<p>43mm</p>	<ul style="list-style-type: none"> Removes concrete residue from metal surfaces Cleans crud and debris
 <p>Vinyl Eraser Wheel</p>	<p>COMPOSITION rubber compound DESIGN toothed wheel FINISH clean metal, fiberglass & glass w/o damage to OEM paint or substrate</p>	<p>25mm</p>	<ul style="list-style-type: none"> Removes vinyl, decals & pinstripes Removes reflective & DOT tape Removes molding & adhesive tape

IN ACTION

Quickly removes corrosion and coatings

Removes hard or soft material without clogging

Cleans without damaging healthy material

Strips unwanted residue and profiles surface

Performs on contours, uneven surfaces and edges

Easily removes vinyl, tape and adhesives
