

CLEMCO PORTABLE BLASTERS PACKAGES

Clemco Classic Blast Machine Systems and the Norton “Special Packages” are available with three different vessel sizes, 1, 3, & 6 (cubic foot) vessels. Clemco machines are built tough to endure real world use. With wear-parts positioned for quick replacement, Clemco blast machines virtually eliminate downtime, so they spend more time at the job site; less time in the shop.

MQV

	Packages
1 Cu. Ft. 1/2" piping	Model 1042 Portable blaster with TLR-50 remote controls (includes 10565 RLX handle), MSV (Metering Valve) , 25 ft. X 1/2" ID blast hose , coupled, CHE-1/2 Aluminum nozzle holder, CQA-1/2 Aluminum quick coupling, Blast hose safety cable, 1/2" Air filter with manual drain, CT-4 blast nozzle , Blast machine screen, Nylon tie (eight included with system), Apollo 20 HP DLX helmet with Constant Flow Connector, 25 ft respirator hose, CPF-20 Breathing air filter, One pair leather gloves, One 25-pack Apollo 20 outer lens, One 10-pack quick coupling gaskets, One 10-pack nozzle washers, Outlet Valve diaphragms (3 w/ system) Weight 215lbs
3 Cu. Ft. 1 1/4" piping	Model 1648 Portable blaster with TLR-300 remote controls (includes 10565 RLX handle), MQV (Manual Quantum Valve) abrasive metering valve, 50 ft. X 1 1/4" ID blast hose , coupled, NHP-2 Nylon nozzle holder, CQPS-2 nylon quick coupling, Blast hose safety cable, 1 1/2" Air filter with manual drain, TMP-6 blast nozzle , Blast machine screen, Poly all-weather cover, Nylon tie (eight included with system), Apollo 600 HP DLX helmet with Clem-Cool, 50 ft respirator hose, CPF-20 Breathing air filter with regulator, One pair leather gloves, One 25-pack Apollo 60/600 outer lens, One 5-pack Apollo 60/600 intermediate lenses, One 10-pack quick coupling gaskets, One 10-pack nozzle washers, Abrasive trap screens (six included in system) Weight 469lbs
6 Cu. Ft. 1 1/4" piping	Model 2452 Portable blaster with TLR-300 remote controls (includes 10565 RLX handle), MQV (Manual Quantum Valve) abrasive metering valve, 50 ft. X 1 1/4" ID blast hose , coupled, NHP-2 Nylon nozzle holder, CQPS-2 nylon quick coupling, Blast hose safety cable, 1 1/2" Air filter with manual drain, TMP-6 blast nozzle , Blast machine screen, Poly all-weather cover, Nylon tie (eight included with system), Apollo 600 HP DLX helmet with Clem-Cool, 50 ft respirator hose, CPF-20 Breathing air filter with regulator, One pair leather gloves, One 25-pack Apollo 60/600 outer lens, One 5-pack Apollo 60/600 intermediate lenses, One 10-pack quick coupling gaskets, One 10-pack nozzle washers, Abrasive trap screens (six included in system) Weight 553lbs

1cu. ft., 3 cu. ft., and 6 cu. ft. Blast Pots are also available w/ Flat Sand Valves.
3 cu. ft., and 6 cu. ft. Blast Pots are also available w/ Abrasive Cut-Off.
