RPB GX4 GAS MONITOR *Advanced Gas Detection & Monitoring!*

The ultimate gas detection monitor **As you know, dangerous levels of toxic gases can cause injury or death. How can you have complete confidence that the air you and your employees breathe is safe? Your solution is the RPB® GX4™, an intelligent gas monitor that has the ability to detect up to 4 gases, giving you peace of mind.**

Gases such as carbon monoxide are invisible to all the human senses, yet are commonly found in industrial premises worldwide. While low level exposure may not be immediately fatal, ongoing contact at low levels has a cumulative effect, causing serious illness and long term health concerns. Early symptoms can be mistaken for the flu, headaches or tiredness. It is a serious problem which is commonly overlooked.

APPLICATIONS INCLUDE Spray painting, coating and confined space applications
Pharmaceutical manufacturing Chemical, pesticide and materials handling
Chemical stripping Waste management and many more!

The RPB® GX4 Gas Monitor* pairs perfectly with these products and more:

RPB® NOVA 2000™

As you know, it is important that your blasters are as comfortable as possible to obtain maximum productivity. How can you increase your productivity?

The RPB® Nova 2000™ has been designed specifically for blasting, focusing on improved operator comfort to boost employees' performance. It meets worldwide respiratory protection standards including NIOSH, CE and AS/NZS.

RPB® NOVA 3™

It is paramount that your blasters have the best equipment to obtain maximum productivity. How can you increase productivity and advance your safety?

The RPB® Nova 3™ is an advance on the RPB® Nova 2000™ in comfort and functionality. It can also be customized to suit individual needs, further enhancing employees' performance. It meets worldwide safety standards worldwide including NIOSH ANSI Z87.1 -2010+, ANSI Z89.1 -2012 Type 1.

RPB® RADEX FILTER™

Polluted air can be the cause of major health issues, so how can you improve the quality of the air your employees are breathing?

The RPB® Radex™ Airline Filter exceeds industry filtration standards so you can be assured that your workers won't suffer the consequences of breathing contaminated air. The Radex Airline Filter is fitted with a large capacity, 6-stage filter cartridge that removes moisture and particulates to 0.5 micron and odor from the compressed air stream, providing clean, breathable air.
